

## Notice of Rulemaking Activity

At its meeting held on June 11, 2015, the Louisiana State Board of Nursing approved the proposed student rules LAC46:XLVII.3324. This is a new section that will be added to Chapter 33 and will focus on student enrollment in undergraduate clinical nursing courses. Section 3324 will outline the required expectations and consequences for nursing students' enrollment and/ or progression in clinical nursing courses. These procedures are currently implemented under Title 46, Professional and Occupational Standards, Part XLVII Chapter 35. Nursing Education Programs, Section 3517 Student Selection and Guidance.

The first step in the rulemaking process is the publication of the Board's Notice of Intent in the February edition of the *Louisiana Register*. As of February 20, 2016 you will be able to access the publication free of charge at the state register's website at [www.doa.louisiana.gov/osr](http://www.doa.louisiana.gov/osr). The Notice of Intent can be found [here](#).

The Board requests to receive written comments on the proposed revisions by March 10, 2016.

Please direct all written communications regarding this proposal to my attention at the Board office.
