Employer's Special Session July 21, 2016

EMPLOYERS: SAVE THE DATE

Join us July 21-22, 2016 as we celebrate 30 years of helping nurses find Recovery.

LSBN will hold a special session on July 21, 2016 for Employers only.

Louisiana State Board of Nursing has invited Myrtle Green, LMHC, CAP, ICADC and Linda Smith, ARNP, MN, M.Div, CAP, CARN-AP to speak to Louisiana Registered Nurse Employers. Ms. Smith is the Chief Executive Officer for the Florida State Board of Nursing's Intervention Project for Nurses (IPN). Ms. Green and Ms. Smith have decades of experience working with impaired professionals. The goal of this training is to provide supervisors with tools to proactively reduce risks to patient safety and to recognize when a nurse may be questionably fit for duty. In addition, supervisors of licensees enrolled in licensee monitoring will learn how to support professionals through constructive performance improvement.
