**National Council State Boards of Nursing Learning  
Extension**

<http://learningext.com>

---

- **Righting a Wrong: Ethics and Professionalism in Nursing**  
Renew your commitment to ethical and professional conduct.
- **Nurse Practice Acts**  
Learn what state laws govern your practice of nursing.
- **Ethics of Nursing**  
Balance your values and the right of your patient to self-determination.
- **Professional Accountability**  
Explore the legal liability of your decisions as a nurse.
- **Disciplinary Actions**  
Protect your nursing license by learning how to minimize the risk of disciplinary action.
- **Professional Boundaries**  
Set appropriate boundaries to protect you and your client from “crossing the line.”
- **Critical Thinking**  
Think on your feet in today’s highly complex health environment.
- **Medication Errors**  
Understand dangers and minimize risk of nursing medication errors.
- **Patient Privacy**  
Build a stronger trust with patients that can lead to better outcomes.
- **Documentation**  
Help doctors prescribe care based on accurate nurse charting.
- **Delegating Effectively**  
Manage a heavier caseload by implementing the “who, what, where and when” of nurse delegation.
- **Colleague Chemical Dependency**  
Learn why nurses are at risk, examine warning signs and explore options for reporting nurse drug abuse.
