RE: MAJOR SUBSTANTIVE CHANGE – UNIVERSITY OF LOUISIANA AT MONROE

Action Requested

That the Board approve the major substantive change notification from the Kitty DeGree School of Nursing at the University of Louisiana at Monroe, reporting a 25% turnover in full-time faculty.

Summary/Background

On July 24, 2025, LSBN staff received notification from the Kitty DeGree School of Nursing at the University of Louisiana at Monroe reporting a 25% turnover in full-time faculty. This meets the 25% threshold and is recognized as a Major Substantive Change under LAC 46:XLVII.3523.5. Current budget restraints within the State and University led to faculty pursuing other options. To accommodate this reduction in workforce, teaching assignments were modified, and adjunct faculty were added to lead clinical experiences where needed. The students currently in the program will not be impacted by this reduction. The number of students admitted to the Fall 2025 cohort will be limited to ensure all CCNE and LSBN standards are maintained.

That the Board approve the major substantive change notification from the Thibodaux Regional Health System School of Nursing at Nicholls State University to both the mission and outcomes for the BSN program at the Thibodaux Regional Health System School of Nursing at Nicholls State University.

Summary/Background

On August 4, 2025, LSBN staff received notification from the Thibodaux Regional Health System School of Nursing at Nicholls State University of a major substantive change to both the mission and outcomes for the BSN program at the Thibodaux Regional Health System School of Nursing at Nicholls State University. To ensure congruence with the revised parent institution's mission, the Thibodaux Regional Health System School of Nursing at Nicholls State University, the Department of Nursing, and the Bachelor of Science program completed a review of each respective mission statement. Changes were approved, and the mission statements were revised accordingly.

Additionally, the BSN Program Goals and the BSN Program Student Learning Outcomes were revised to:

The substantive changes to the mission statement and program student learning outcomes were submitted to the Commission on Collegiate Nursing Education (CCNE) on June 19, 2025.
