Dear Ms. Johnson:

Pursuant to your request for an opinion regarding the delegation of administering IM Rhogam to the LPN after review and under the supervision of the RN, the Practice Committee considered your petition and subsequently presented its recommendation to the Board of Nursing on December 7, 2005. After due deliberation, the Board adopted the following action:

That the RN may delegate the administration of intramuscular (IM) Rh (D) Immune Globulin (Rhogam, Rhophylac) to the LPN after review and under the supervision of the RN.

Please contact me if you have any questions regarding this communication.

Sincerely,

Barbara L. Morvant, MN, RN
Executive Director
