Dear Ms. Gaudet:

On January 24, 1986, the Louisiana State Board of Nursing deliberated on your question regarding registered nurses taking x-rays in physicians offices. The Board's official opinion is as follows:

It is within the realm of the practice of the registered nurse to take x-rays in a physician's office provided said nurse has the knowledge and skills and evidence of same is documented in said nurse's file.

If I can further assist you with nursing practice matters, please feel free to contact me.

Sincerely,

Sister Lucie Leonard, R.N.
Nursing Practice Consultant
